From: Charles Wall
Subject: Professor Gordon Snow

I have reviewed Professor Snow's two research applications and passed them along to Jim Charles for his comments. Quite frankly, I doubt Philip Morris can fund these because of lack of funds. Therefore, I would recommend they be sent to the CTR. Check with Pat Sirridge to find out to whom they should be sent; perhaps Jim Glenn.

If funding is not available through CTR and Jim goves them good recommendations, perhaps we can take another look at some form of partial funding. Has Professor Snow exhausted his funding resources?
